Data Protection Principles

Colaiste Chiaráin is a *data controller of personal data* relating to its past, present and future staff, students, parents/guardians and other members of the school community. As such, the Coláiste is obliged to comply with the principles of data protection set out in the Data Protection Acts 1988, 2003 and 2018 which can be summarised as follows:

- **Obtain and process *Personal Data* fairly:** Information on students is gathered with the help of parents/guardians and staff. In relation to information Coláiste Chiaráin holds on other individuals (members of staff, individuals applying for positions within the School, parents/guardians of students etc.), the information is generally furnished by the individuals themselves with full and informed consent and compiled during the course of their employment or contact with the School. All such data is treated in accordance with the Data Protection Acts and the terms of this Data Protection Policy. The information will be obtained and processed fairly.
- **Keep it only for one or more specified and explicit lawful purposes:** Coláiste Chiaráin will inform individuals of the reasons they collect their data and will inform individuals of the uses to which their data will be put. All information is kept with the best interest of the individual in mind at all times.
- **Process it only in ways compatible with the purposes for which it was given initially:** Data relating to individuals will only be processed in a manner consistent with the purposes for which it was gathered. Information will only be disclosed on a need to know basis, and access to it will be strictly controlled.
- **Keep *Personal Data* safe and secure:** Only those with a genuine reason for doing so may gain access to the information. Sensitive Personal Data is securely stored under lock and key in the case of manual records and protected with firewall software and password protection in the case of electronically stored data. Portable devices storing personal data (such as laptops) should be encrypted and password protected before they are removed from Coláiste Chiaráin premises. Confidential information will be stored securely and in relevant circumstances, it will be placed in a separate file which can easily be

removed if access to general records is granted to anyone not entitled to see the confidential data.

- **Keep Personal Data accurate, complete and up-to-date:** Students, parents/guardians, and/or staff should inform the school of any change which Coláiste Chiaráin should make to their personal data and/or sensitive personal data to ensure that the individual's data is accurate, complete and up-to-date. Once informed, the school will make all necessary changes to the relevant records. The Course Director may delegate such updates/amendments to another member of staff. However, records must not be altered or destroyed without proper authorisation. If alteration/correction is required, then a note of the fact of such authorisation and the alteration(s) to be made to any original record/documentation should be dated and signed by the person making that change.
- **Ensure that it is adequate, relevant and not excessive:** Only the necessary amount of information required to provide an adequate service will be gathered and stored.
- **Retain it no longer than is necessary for the specified purpose or purposes for which it was given:** Coláiste Chiaráin will comply with DES guidelines on the storage of Personal Data and Sensitive Personal Data relating to a student. The school may also retain the data relating to an individual for a longer length of time for the purposes of complying with relevant provisions of law and or/defending a claim under employment legislation and/or contract and/or civil law.
- **Provide a copy of their *personal data* to any individual, on request:** Individuals have a right to know what personal data/sensitive personal data is held about them, by whom, and the purpose for which it is held.

Scope

Purpose of the Policy: The Data Protection Acts 1988, 2003 and 2018 apply to the keeping and processing of Personal Data, both in manual and electronic form. The purpose of this policy is to assist Colaiste Chiaráin to meet its statutory obligations, to explain those obligations to staff, and to inform staff, students and their parents/guardians how their data will be treated.

The policy applies to all Colaiste Chiaráin staff, the board of management, parents/guardians, students and others (including prospective or potential students and their parents/guardians, and applicants for staff positions within the school) insofar as the school handles or processes their Personal Data in the course of their dealings with the school.

Definition of Data Protection Terms

In order to properly understand the school's obligations, there are some key terms which should be understood by all relevant Colaiste staff:

Data means information in a form that can be processed. It includes both automated data (e.g. electronic data) and manual data. Automated data means any information on computer, or information recorded with the intention that it be processed by computer. Manual data means information that is kept/recorded as part of a relevant filing system or with the intention that it form part of a relevant filing system.

Relevant filing system means any set of information that, while not computerised, is structured by reference to individuals or by reference to criteria relating to individuals, so that specific information relating to a particular individual is readily, quickly and easily accessible.

Personal Data means data relating to a living individual who is or can be identified either from the data or from the data in conjunction with other information that is in, or is likely to come into, the possession of the Data Controller i.e. the school.

Sensitive Personal Data refers to Personal Data regarding a person's

- racial or ethnic origin, political opinions or religious or philosophical beliefs
- physical or mental health or condition or sexual life
- commission or alleged commission of any offence or
- any proceedings for an offence committed or alleged to have been committed by the person, the disposal of such proceedings or the sentence of any court in such proceedings, criminal convictions or the alleged commission of an offence.

Data Controller for the purpose of this policy is the Board of Management, Coláiste Chiaráin.

Rationale

In addition to its legal obligations under the broad remit of educational legislation, the Coláiste Chiaráin has a legal responsibility to comply with the Data Protection Acts, 1988, 2003 and 2018.

This policy explains what sort of data is collected, why it is collected, for how long it will be stored and with whom it will be shared. As more and more data is generated electronically and as technological advances enable the easy distribution and retention of this data, the challenge of meeting the school's legal responsibilities has increased.

Coláiste Chiaráin takes its responsibilities under data protection law very seriously and wishes to put in place safe practices to safeguard individual's personal data. It is also recognised that recording factual information accurately

and storing it safely facilitates an evaluation of the information, enabling the course director and board of management to make decisions in respect of the efficient running of the College. The efficient handling of data is also essential to ensure that there is consistency and continuity where there are changes of personnel within the school and board of management.

Coláiste Chiaráin seeks to
